

Team Status Report #2:

1. Goals from this week:

- create the mockups and use them to develop a storyboard
- Update the product backlog to reflect our current status

2. Progress made this week:

- **What we've done:** Project Milestone (Sprint 2): Created prototypes, updated backlog
 - Updated user stories:
 1. As a user, I want to be able to create a profile
 2. As a user, I want to be able to sign in to my account so I can see the events I created
 3. As a user, I want to see a list of all events.
 4. As a user, I want to be able to view detailed information about an event
 5. As a user, I want to be able to edit an event I created

6. As a user, I want to be able to cancel an event I created
7. As a user, I want to have a homepage so that I can see all the created events
8. As a user, I want to be able to RSVP to an event
9. As a user, I want to be able to attach a picture to an event I created
10. As a user, I want to be able to attach a picture to my profile
11. As a user, I want to be able to search for a created event
12. As a user, I want to be able to sort the created events by the date they will occur on
13. As a user, I want to be able to view the events I'm attending and events I created
14. As a user, I want to be able to view the people that are attending my event

- **What worked:** Software to build prototypes

- **Where we had trouble:** N/A

- **Where we're stuck:** N/A

3. Outline plans and goals for this week:

- Work on data flow diagram
- Models and associations
- Update Lo-Fi UI prototypes
- Update backlog

4. Agenda for the meeting with Team:

- The instructional team will meet two times during the week to complete and assess where we are on the project, information about the scheduled dates and time will be put out to the team on discord.
